**NOTICE OF FINDING OF NO SIGNIFICANT IMPACT AND NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS**
Date of Publication February 2, 2022
The City of Gainesville
208 4th St
Gainesville, Missouri 65655
(417) 679-4858

These notices shall satisfy two separate but related procedural requirements for activities to be undertaken by the City of Gainesville.

REQUEST FOR RELEASE OF FUNDS

On or after February 18, 2022 the City of Gainesville will submit a request to the State of Missouri Department of Economic Development for the release of Community Development Block Grant funds under Title I of the Housing and Community Development Act of 1974 (PL 93-383), to undertake the following project:

Project Title: Lick Creek Bank
Stabilization

Purpose: The project will include reconstructing the damaged areas of Lick Creek banks with suitable semi-compacted impervious material until the original slope and grade of the bank is attained. Impervious borrow materials and pervious sand will be added to the breach site to restore the area to pre-flood grade and the east side of the stream would be cut back some, reducing velocity of flow against the bend in the west stream bank where the breach had previously occurred. All repaired areas of the streambank will be reinforced with a Type 2 rock blanket placed over a geotextile fabric which will be used to protect the streambank extending at least 2 feet below natural grade and at least 2 feet below the stream flow line. Bank stabilization will also include planting trees along the top of the bank as well as vegetation to all disturbed areas not protected by the rock blanket to slow velocity if flood water were to overtop the streambank in the future. There are no historic properties identified. Erosion control will be maintained by use of blankets and matting, as necessary by the contractor. No floodwater storage exists on or near the site and conveyance only occurs during heavy rain events. There is no groundwater discharge or recharge, natural and beneficial floodplain values that will be maintained. The City of Gainesville will benefit from this project by providing a more reliable bank stabilization for Lick Creek. The City's Wastewater Treatment Facility will benefit from the reduced flood levels created by the reconstructing the bank back to original slope and grade.

Estimated Cost: The proposed project is requesting $302,575 in CDBG funds.

FINDING OF NO SIGNIFICANT
IMPACT

The City of Gainesville has determined that the project will have no significant impact on the human environment. Therefore, an Environmental Impact Statement under the National Environmental Policy Act of 1969 (NEPA) is not required. Additional project information is contained in the Environmental Review Record (ERR) on file at 208 4th St, Gainesville, Missouri 65655 - City Hall office where ERR is available for review and may be examined or copied weekdays 8 A.M to 3 P.M.

PUBLIC COMMENTS

Any individual, group, or agency may submit written comments on the ERR to the RE designated office responsible for receiving and responding to comments – 208 4th St – City Hall Office. All comments received by publication date plus fifteen days will be considered by the City of Gainesville prior to authorizing submission of a request for release of funds. Comments should specify which Notice they are addressing.

ENVIRONMENTAL CERTIFICATION

The City of Gainesville certifies to the State of Missouri that Deanna Reich in her capacity as Mayor to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. The State of Missouri's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities and allows the City of Gainesville to use HUD program funds.

OBJECTIONS TO
RELEASE OF FUNDS

The State of Missouri will accept objections to its release of funds and the City of Gainesville certification for a period of fifteen days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on one of the following bases: (a) the certification was not executed by the Mayor of the City of Gainesville; (b) the City of Gainesville has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR part 58; (c) the grant recipient or other participants in the development process have committed funds, incurred costs or undertaken activities not authorized by 24 CFR Part 58 before approval of a release of funds by the State of Missouri; or (d) another Federal agency acting pursuant to 40 CFR Part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58, Sec. 58.76) and shall be addressed to State of Missouri Department of Economic Development, Community Development Block Grant at PO Box 118, Jefferson City, MO 65102. Potential objectors should contact the State of Missouri Department of Economic Development to verify the actual last day of the objection period.

of the residence and the items reported stolen from Ledbetter's house were found, along with methamphetamine and drug paraphernalia that was lying within Isaac's reach, the report says.

After they were Mirandized, Isaac and Bliss reportedly told the deputy that the meth and paraphernalia did belong to them and that they had broken into Ledbetters' home and taken the guns and other items.

Deputies also found a black metal Honeywell branded lock box that was located in a bag Isaac said belonged to her. A judge signed a search warrant, legally allowing officers to look inside the box, where they found several pieces of jewelry, multiple credit cards belonging to two people (not Isaac or Bliss), one credit card registered to Bliss and a W-2 from another woman and a bank statement of another man.

Bliss pleaded guilty to burglary, stealing ($750 or more) and two counts of stealing a firearm on Sept. 8, 2021, and was sentenced to 4 years in prison for the crime.
